### Identification and Ownership - Contacts (Page iv)

Dear Mr. Risseuw:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2002 annual report. The primary purpose of our analytical review is to detect possible accounting related errors and to identify significant fluctuations from prior year's data, which are not sufficiently explained in the footnotes of your annual report. We have no questions only the following comment:

On Page W-7, the amount reported for Utility Plant Jan. 1 does not agree with the amount reported for plant on Page F-7 of the prior year report. The difference is immaterial, but please use the correct amount in the future.

In addition, you may receive additional inquiries from our office regarding your annual report during a rate case, construction authorization, or other Commission reviews.

Thank you for your efforts in preparing your 2002 annual report. We are closing the review of your 2002 annual report. . If you have any questions, please feel free to contact me at (608) 266-3768 or by e-mail at [elaine.engelke@psc.state.wi.us](mailto:elaine.engelke@psc.state.wi.us).

Sincerely,

## WATER OPERATING SECTION FOOTNOTES

---

### Water Operation & Maintenance Expenses (Page W-05)

Decrease in account 625 is due to the amortization of deferred debits in the amount of \$9912 being recorded in 2001. 2001 was the last year of amortization.

The decreases in accounts 650, 651, and 652 are due to less repairs on the resevoirs, mains and services in 2002. 2001 had a large amount of repairs to reduce water leaks, video inspections, cleaning of reservoirs, and repairs to well #2.

---

### Water Mains (Page W-15)
